13 Jan 2023

From Team IQAC .

Please find enclosed the recruiter feedback received from the TPO team for the recruitment cycle 2021-22 which was completed in November 2022 . There was a delay in account of the closure delays in the semesters and the processes.

The target is 80% minimum in the top 3 scores totaled. The following are the flags: Green-acceptable, Yellow-needs improvement and Red- Needs strategic direction for improvement:

Institutional Infrastructure and Process Enablement	
Physical facilities of the campus for conducting the process	Green
Visit coordination e.g. bookings and transport	Green
Speed of response to your query by the team	Green
Hospitality arrangements	Green
Quality of relevant information and data provided	Green
Any administrative support you asked and were given	Green
Overall performance of the assigned student admission team	Green
Student Engagement	
Student interaction/response at pre-placement talks	Red
Students' discipline at the process	Yellow
Students' overall dress and grooming	Yellow
Student Performance	
Students' awareness about the recruiter company	Red
Overall assessment of the student skills in group discussion	Green
Overall assessment of the student skills in personal interview	Red
Students' ability to quote examples/relate to real world examples	Yellow
Students overall confidence level	Red
Students awareness of key concepts and points from subject perspective	Yellow

This is an overview and ideally the next cycle improvement should be 80% in top 2 scores. Please also review the individual comments for further information.

The detailed findings are enclosed with this note.

Many thanks.

IQAC Advisor: Data from Placement Team

DETAILED ANALYSIS OF RESPONSES

Institutional Infrastructure and Process Enablement

[Physical facilities of the campus for conducting the process]

[Visit co-ordination e.g. bookings and transport]

[Speed of response to your query by the team]

Student Engagement

[Student interaction/response at pre-placement talks]

[Students' discipline at the process]

[Students' overall dress and grooming]

Student Performance

[Students' awareness about the recruiter company]

[Overall assessment of the student skills in group discussion]

[Overall assessment of the student skills in personal interview]

[Students' ability to quote examples/relate to real world examples]

[Students overall confidence level]

[Students awareness of key concepts and points from subject perspective]

Please do write below a few sentences as to how we can improve the process for you at Lead
Please do write below a few sentences as to what pain points we need to address vis-à-vis our student skills

- Dear Team, as mentioned above altogether we are impressed by your hospitality and disciplined atmosphere. Students as well as College team members are very cooperative everything is fine
- Apart from academics systematic industry mentoring with impact assessment should be done for students by practicing professionals. We can help with it if needed.
- Students long term commitment
- Student to be informed well about the company and the roles for hiring
- More training for students focusing on job placements shall be helpful.
- If they are educated with industry knowledge to concerned manufacturing nature it will be good.
- Students need to be well prepared with the process and be very confident during the interview process.
- Please ask students to understand the profile/ company product line instead of learning the lines from website
- I respect all the team members who advised the students to act accordingly for the welfare of the recruiting companies. Students are extremely talented and ready to act whenever needed. Confidence level of students are high
- Students' confidence, articulation skills, business, industry & company understanding needs to improve a lot.
- Aptitude training can be given to students
- Soft skills can be improved
- Passion for the applied role, knowledge about the company profile and job profile is a must.
- English language skills
- They need to be trained on Communication skills (Speak confidently, present themselves better) Basic accounting, Excel and be more corporate ready .
